

## What do our Members have to say about Glacial Lakes & Prairies Tourism?

The Groton Chamber of Commerce is proud to be a member of the Glacial Lakes & Prairies Tourism Association. Their support has helped us promote our local businesses, attract more visitors, as well as promote our many events in the Groton SD Community. We value the resources and connections GLPTA provides and look forward to continuing our partnership!

April Abeln @ City of Groton

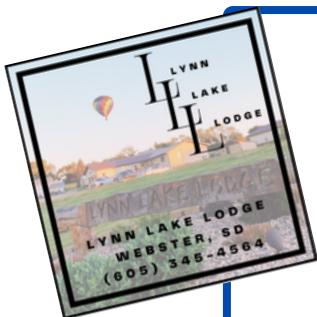

Working for SD Game, Fish and Parks for over 26 years has taught me how valuable a partner a regional tourism office can be. Since moving into the Glacial Lakes & Prairies Tourism region in 2012, I have been very fortunate to work with both Rosie and Jody. The marketing help they provide has allowed us to grow many wonderful events in these parks, as well as other parks in the region. The membership fee is well worth the value they provide in marketing and promotion! They are always able to provide us with publications we need, they keep us updated on the Department of Tourism news, and answer questions we may have. We look forward to continuing our partnership with Glacial lakes & Prairies Tourism.

Becky Graff @ Oakwood Lakes State Park, Bruce

You are such a good partner to the Dacotah Prairie Museum in Aberdeen, SD! Thanks for supporting local tourism and great regional experiences. We are grateful for our regional partners and all the fun and wonderful things to do in NE South Dakota!

Patricia Kendall @ Dacotah Prairie Museum

Jody and Rosie have guided and supported our business for over 25 years, always representing us with honesty and care. They consistently promote northeastern South Dakota, a region that is too often overlooked, and remind others of its unique appeal. They work hard to showcase how great our area really is. Time and time again, we hear from our guests who found us through their efforts. Our membership with Glacial Lakes & Prairies Tourism has always been worth every dollar.

Karen Johnson @ Lynn Lake Lodge
